

TEAM WORK BEGINS @ THE TOP

Team Pune - Cargosol

Cargosol Pune office situated on Dhole Patil road has been closed for more than 100 days. Mr. Yuvraj Sonawane leads the team of five. Our team members had to move to their native for better safety and social distancing leaving the leader alone in Pune who continued to WFH.

Being responsible, each team member carried their laptop and other office necessities to their native but the fall out was bad network, connectivity and electricity issues leaving the leader to run the show. Nevertheless, Cargosol Pune performed consistently keeping the customer happy.

When inquired he shared the secret. The challenge is in the mind, once aware of the wild current in the sea, the technique is to stay afloat, move consistently without losing focus and be ready to get the hands dirty, to accomplish the work ,so as to live up to our "Value of Commitment".

We appreciate Mr. Yuvraj Sonawane's leadership and continuous contribution. Our team is back, we have sanitized our office and ensured all the require safety protocols.
