

WHO ARE THE SAVIOURS ?

Sandeep Singh

Cargosolite Sandeep Singh is responsible for Customs Clearance and all operational Port activities. JNPT and all other ports come under “Essential Services”.

While Sandeep had to step out, his family discouraged him, but understanding the importance of Essential Services, he initiated and collated all the required official permission. From the last few days, Sandeep along with his armour (facemask) and tool (sanitizer) has been traveling to JNPT.

One of the prime challenges he is being faced with is the constant cross verification of his statements by the police.

When Cargosol Team appreciated Sandeep Singh's efforts he humbly stated that his contributions are miniscule compared to the efforts of our Police Force, Doctors and other Essential Service Providers who are putting “Others” before “ Self”.

Work from Home has its own challenges but in the current scenario individuals who are working under the category of “Essential Services” are the “ Saviours”.
